2010 ILLINOIS ENERGY EXPO

OCTOBER 28TH	10AM—5PM
OCTOBER 29TH	9AM—5PM
OCTOBER 30TH	9AM—3PM

This event brings together business leaders, building energy managers, building contractors, energy industry experts, energy educators and residents to explore energy conservation options that will help reduce energy costs and positively impact the Illinois economy. Exhibitors and presenters will offer information about energy efficient and alternative energy technologies and services. **Join us to learn about valuable financial assistance and incentives available through several newly-created energy programs for residential, commercial and industrial customers.**

SPONSORS:

springfield electric
SUPPLY COMPANY

This event is hosted by the Association of Professional Energy Consultants, a 501(c)3 organization, and Heartland Community College.

Please join us in thanking these organizations for valuable planning assistance:

- **Town of Normal**
- **Illinois State University**
- **Center for Renewable Energy**
- **Illinois DCEO**
