## 2010 ILLINOIS ENERGY EXPO TO OFFER MONEY SAVING IDEAS

The **2010 Illinois Energy Expo** will be held October 28-30 at the Marriott Conference Center in Normal.

Exhibitors and presenters will offer information about energy efficient and alternative energy technologies and services as well as financial assistance and incentives available for all customers. The event features more than 30 exhibitors, 20 workshops, and energy technology demonstrations including a solar powered air conditioner, a wind turbine, LED lighting, an electric car, and a solar car. Free residential CFL recycling will be available at the Ecology Action Center booth.

Registration fees are required only for the Maximizing Renewable Energy Workshop and the Solar Market Transformation Conference. All other programs are free and open to the public.

The event is hosted by the Association of Professional Energy Consultants and Heartland Community College. For details, visit [www.apec-online.org/2010\\_expo.html](http://www.apec-online.org/2010_expo.html).
